

Dr. Florin E. Constantinescu
DMD, MSc, MScNMOrth, FICCMO

Dr. Florin-Eugen Constantinescu is a second-generation dentist and Professor at Jaume I University, Castellón de la Plana, Spain, teaching in the Master of Dental Sciences – Implantology program (since 2022) and the Master of Neuromuscular and Aesthetic Dentistry program (from 2025). A Fellow of the International College of Cranio-Mandibular Orthopedics (ICCMO), he serves as President of its Balkans Section and has directed the Holistic Dental & Medical Institute in Bucharest since 2007.

He earned his DMD (2007) and a Master's Degree in Endodontics (2009) at the "Carol Davila" University of Medicine and Pharmacy in Bucharest, followed by a Master's Degree in Dental Sciences specializing in Neuromuscular Orthodontics and Cranio-Mandibular Orthopedics at Jaume I University in 2021.

His forthcoming volume, *Transcutaneous Electrical Nerve Stimulation: Applications in Dentistry. Effective Dental Care for a Changing World* (Springer Nature, 2026), examines the therapeutic and diagnostic uses of TENS across contemporary dental practice.
